Corps of Engineers plans improvements to Jacobs Creek Park and North Park at Canyon Lake

The U.S. Army Corps of Engineers announced today that it is initiating the planning effort for facility improvements at Jacobs Creek Park and North Park, both located on the north side of the lake, with access off of State Highway 306.

This is part of the Corps' long-term effort to plan and construct major improvements to the recreational facilities at Canyon Lake. Major facility improvements have already been completed at some Canyon Lake parks.

At this time, the Corps is requesting comments and recommendations from the public concerning present-day and future recreational uses and facilities at Jacobs Creek and North Parks. This is an opportunity for the public to make park facility preferences known to the Corps and to comment on operation and management issues.

Written comments should be sent to the following address by Friday, Feb. 22, 2002:

U.S. Army Corps of Engineers
Canyon Lake Office
ATTN: Mr. Judd McNett
601 COE Road
Canyon Lake, Texas 78133-4129

E-mail comments may be sent to Judd.McNett@swf02.usace.army.mil

Final park improvement design plans will be available for public review in early summer at the Canyon Lake Office and on the Canyon Lake Homepage: <http://www.swf-wc.usace.army.mil/canyon/>
